## Verse

G ///                      D ///                      Em ///                      C ///

You give me joy, hope and love,                      thankful for all that I need.

G ///                      D ///                      Em ///                      C ///

You give me joy, hope and love,                      thankful for all that I need.

G ///                      D ///                      Em ///                      C ///

## Verse

G ///                      D ///                      Em ///                      C ///

You're my best friend. You know me to the end. Know me better than I know myself.

G ///                      D ///                      Em ///                      C ///                      C ///

You're my best friend. You know me to the end. Know me better than I know myself.

## Bridge

Am ///                      Bm ///                      Am ///                      Bm ///

Am ///                      Bm ///                      Am ///                      Bm ///

I long to serve you, Lord,                      The way You want me to.

Am ///                      Bm ///                      Am ///                      Bm ///

I put my faith in You to heal this                      World if it should be Your will.

Am ///                      Bm ///                      Am ///                      G ///

I pray whatever works out                      Only glorify You.
