Verse

Em ///	Em ///	D ///	D ///
--------	--------	-------	-------

After all we said...You promised me you would.

C ///	C ///	Am ///	D ///
-------	-------	--------	-------

I see that time has filled your eyes with emptiness. I knew it would.

Em ///	Em ///	D ///	D ///
--------	--------	-------	-------

After all we said...I don't see how you could

C ///	C ///	Am ///	D ///
-------	-------	--------	-------

Shut your eyes and now this dream descends ... But if you'd look you'd...

Chorus

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

See you rise again. (Can you remember why we came?)

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

I want to love you one more time before this darkness claims the end.

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

Just open your eyes.

Verse

Em ///	Em ///	D ///	D ///
--------	--------	-------	-------

When we were young, do you remember what we read?

C ///	C ///	Am ///	D ///
-------	-------	--------	-------

It was a pretty book with pictures—"Fairy tales," I think you said.

Em ///	Em ///	G ///	G ///
--------	--------	-------	-------

But one that made you laugh...and in the end you cried.

C ///	C ///	Am ///	D ///
-------	-------	--------	-------

You said I know I know some things may close their eyes but they can never die, so...

Chorus

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

See you rise again. (Can you remember why we came?)

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

I want to love you one more time before this darkness claims the end.

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

Just open your eyes.

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

See you rise again. (Can you remember why we came?)

G ///	D F# ///	C ///	C ///
-------	----------	-------	-------

Though time may close the book and silent night claims what we knew it would.
